

Online registration now open for IWTO Congress 2009

"WOOL – SMART, NATURAL, TECHNICAL"

Brussels, 17.02.2009

Online registration has opened for the 78th IWTO Congress, to be held in Frankfurt (Germany) from June 15 – 18, 2009. The event will be held in the state of the art Congress Center of Messe Frankfurt, and will be parallel to the world leading exhibition of Technical Textiles, "TECHTEXTIL". Furthermore, to mark the "International Year of Natural Fibres 2009", a full day of the Congress will be run as "Natural Fibre Conference", including delegates from other natural fibres for discussion of common interests, projects and possibilities.

The theme of the IWTO Congress 2009, "WOOL – SMART, NATURAL, TECHNICAL" is stating the unique and versatile attributes of wool, showing in an impressive way how nature and innovation can work in harmony together.

This is a Congress not to be missed, especially with the two extra benefits: free entrance to the TECHTEXTIL Show and the NATURAL FIBRES Conference.

Online registration is now open!

For more information or details please contact info@iwto.org

IWTO is the international body representing the interests of the world's wool textile trade and industry. Our multi-national membership includes woolgrowers, traders, primary processors, spinners, weavers, and garment manufacturers, together with retailers and other companies involved in wool related businesses.
